

Music Space Academy gives you the chance to learn an instrument or develop your vocal or MC skills with other likeminded young people.

**Music Space Academy** offers young people the chance to learn an instrument for free, including guitar, bass, drums and keyboards, and also gives them the chance to develop these skills by playing in a band. And, when they're ready, students put on their own gig and showcase their new-found musical skills. The programme runs every Saturday afternoon from 2 – 4.30pm.

**HOT:Music** (House of Talent: Music) offers the chance to specialize as a Vocalist, Rapper/MC or Music Producer, whilst developing a complete artistic promo package, including a professional recording, performances at popular London venues, press shots and a music video. Young people will also gain skills in online music promotion and marketing, and will be able to promote and sell their music via an online record store. The programme runs every Thursday evening from 6 – 9pm

These flexible programmes are organised in 3 10-week terms per year and are open to young people aged 13 – 19 living or studying in Tower Hamlets. All tuition is free and enrollment takes place throughout the year. Sessions take place at the Brady Arts Centre, 192-6 Hanbury Street, London E1 5HU
